

INTRODUCTION OF NATIONAL GREEN AWARDS (NATGA)

The **Green Alliance Network LBG** has instituted an Annual Environmental Annual Awards Scheme tailored to recognize and to reward Environmental Stewards in Ghana. This award scheme is dubbed **National Green Awards (NATGA)** and it shall be held every year beginning **2025-The Maiden Edition**.

As an organization committed Climate Action, we have observed that there are many Politicians, CSOs, Traditional Authorities, Journalists, etc who contribute so much in keeping the sanctity of Ghana's Environment and these genuine patriots of our land are worthy of National Recognitions and Awards. However, there has not been any comprehensive, sustainable and scalable award scheme for this outstanding achievers over the years. In view of that, we have resolved to fill this grievance environmental gap so as to recognize, celebrate, reward and to inspire this genuine environmental stewards in the country.

Sincerely Yours,
